

# CURRICULUM VITAE.

**Name:** Felix Webbo  
**City:** Nairobi County, Kenya  
**Email:** felixwebbo8@gmail.com  
**Phone:** +254113323746  
**Linked-in URL:** [Linked-In](#)  
**GitHub URL:** [GitHub](#)

## Summary.

I am currently a fourth-year student at Multimedia University of Kenya, where I am pursuing a Bachelor of Science in Applied Physics and Computer Science. Throughout my academic journey, I have developed a strong work ethic and a passion for learning. I am highly motivated, with a positive attitude towards challenges, and I thrive in environments where I can apply my problem-solving skills. I have a proven track record of delivering results, both independently and as part of a team. I am committed to continuous improvement and professional development, and I am eager to contribute my skills and knowledge to the success of your organization.

## Career Objective.

To leverage my academic background in Applied Physics and Computer Science, coupled with my expertise in web development and Cybersecurity, to contribute to the security and integrity of digital assets within a progressive organization. With a strong foundation in front-end and back-end development, as well as hands-on experience in Cybersecurity principles, I aim to implement robust security measures, identify and mitigate potential threats, and ensure the confidentiality, integrity, and availability of sensitive information. My goal is to leverage my technical skills, leadership abilities, and passion for Cybersecurity to make a meaningful impact and drive continuous improvement in protecting digital assets against evolving Cyber threats."

## Experiences.

### Tech

- ◆ **Tech Master, Multimedia University Science Student Association (MMUSSA):** Currently serving as a tech master within MMUSSA, I collaborate with my colleagues to develop and deploy websites for various projects and initiatives. This role has provided me with valuable hands-on experience in web development and project management.
- ◆ **Member, Advent Band Team:** As a member of the Advent Band team, I contribute to the creation of a universal church website aimed at providing resources and support to church

members and visitors. This role has allowed me to apply my technical skills in a real-world setting and work towards a common goal with a diverse team.

## Leadership.

- ◆ **Class Representative, Multimedia University:** I am currently serving as a class representative within my institution, where I represent the interests and concerns of my peers to faculty and administration. This role requires strong communication and organizational skills, as well as the ability to effectively advocate for student needs.
- ◆ **Leadership Role in Church:** I have served in various leadership roles within my church, where I have gained experience in team management, event planning, and community outreach. These experiences have helped me develop my leadership abilities and interpersonal skills.

## Education.

### Multimedia University of Kenya

→ *Bachelor of science in Applied Physics and Computer Science.*

I am currently pursuing my degree in Applied Physics and Computer Science at Multimedia University, with a focus on combining my passion for science with practical skills in computer science and technology.

### Kenyan Certificate of Secondary Education

→ *Majored in Sciences.*

I completed my secondary education with a focus on science subjects, laying the foundation for my academic and professional pursuits.

## Qualifications and Certifications

- Introduction to Web Development with HTML, CSS, JavaScript ([link](#)).
- Developing Front-end Applications with React ([link](#))
- The Bits and Bytes of computer Networking ([link](#)).
- Technical Support Fundamentals ([link](#)).
- Cybersecurity for Everyone ([link](#)).
- Back-end development with Node.js and express.

## Skills

I have developed a diverse set of skills throughout my academic and professional journey, including:

- ✓ **Front-end Development:** Proficient in HTML, CSS, SASS, React, and JavaScript.
- ✓ **Back-end Development:** Experienced in Express and Node.js.
- ✓ **Database Management:** Familiar with relational databases, particularly MySQL.
- ✓ **Cybersecurity:** Knowledgeable in Cybersecurity principles and best practices.
- ✓ **Leadership:** Effective in team management, communication, and decision-making.
- ✓ **Teamwork:** Collaborative and adaptable, with the ability to work effectively in diverse teams.
- ✓ **Time Management:** Skilled in prioritizing tasks, meeting deadlines, and managing workload effectively.
- ✓ **Microsoft Applications:** Proficient in Microsoft Office suite, including Word, Excel, and PowerPoint.
